When I first saw the photos of Wilri, I had an overwhelming sense that I absolutely needed to work with him. And I'm so glad that I did listen to that intuition for the healings that

I've received from him have been nothing short of transformative. I've been on a healing path for more years than I wish to recount and throughout this journey I've had the opportunity to work with some of the best healers out there. And I say this with true conviction that Wilri in my estimation is probably one of the top, top, top healers. For those who know the path well, they know that each healer has their own unique style of working and niche. And this is certainly the case with Wilri, albeit his style is probably the most unique that I've ever come across and it can only truly be experienced in person to get a real sense of it. So my description can really not do it its full justice, but I will try and paint that picture. In the group dynamic, Wilri draws everyone in, in some interconnected way or another. After various group exercises, including eye gazing's, he will then bring one participant to the fore at a time to address their personal issues in a customized way, but in doing so, he is very well aware of how everyone else is reacting to the individual person being worked on at a given time. And then sometimes to enhance that one individuals healing, he creates an assemblage of sorts while putting together a juxtaposition, whereas the other members are used to create a montage or a composition of the energy that needs to speak-up and have a voice to be released. Throughout the weekend workshops that I took with Wilri, every single one of these group scenarios that I witnessed were so beautiful leading to a definitive healing for each person that had been worked on. An example that I recall was that Wilri ascertained that someone needed to dance a very fast waltz and he then danced feverishly with this person until she was able to emotionally let go of her repressed feelings in a cathartic fashion. The story-line of the communist years was very prevalent for many members who had lived through this experience and Wilri created a snap shot of these traumas, with multiple people being placed alongside the healee to represent, play a role and emphatically relate to or console them. I was able to somewhat relate to this and receive a healing for my ancestral line because my father had escaped in the 1956 revolution from Hungary, and that's why I had been present that particular weekend. And it had been incredible to watch when I had the opportunity to witness Wilri working with a few special needs

people as well. Wilri gives very firm instructions as to what role or part in each scenario he wants each person (not necessarily all) to play, like a well-run production. For myself, the most profound healing I received from Wilri happened to be the first weekend I had attended. After perusing his methods for the day, when he called upon me, I had initially been quite reticent or simply unable to just let go completely. Rather there was a part of me that had been so completely blocked that no other healer had ever picked-up on, which surprised me considering how much energy work I had already done on myself to this date. But what I needed was for Wilri to get such accurate information as he tuned-in to establish my trust and to talk to me about it. He clearly saw many aspects of my childhood and the patterns of my family so well. I like so many other people who emigrate to this path did experience a tremendous amount of emotional abuse and Wilri saw the outright mean spiritedness of it all. It took Wilri quite a long time in a very persistent way to sort of converse with me, as I tried to rationalize much of it, while also dowsing me with energy until he found a few key memories within me that were the trigger. He was not willing to give-up on me getting to this point, explaining to me what I wasn't quite getting. This then was the spark to allow the energy into the extreme blockage I was holding in my back and at this point I finally hunched over and landed on all fours onto the floor. At this point, Wilri so thoroughly and directly with his hands moved the energy throughout my back as I spontaneously began to release the anger very vocally with my whole being and every ounce of strength I had; I could no longer contain it at all. As Wilri was pulling more and more of this anger out, he was simultaneously dumping it into a bowl of water to cleanse it and this lasted for quite some time until we were both spent. This anger had been preventing so much flow in my life and after an intense integration I saw this more and more clearly, allowing me to feel so much freer, unencumbered and more aligned with more of my higher self. Wilri had foreseen that it would enhance my manifestation ability a lot. Wilri had made sure to assist me in releasing what remained of this blockage in a follow-up weekend, when I was ready to do so and that healing was also so incredible and divinely inspired, but it would be too detailed to spell-out.

I have no qualms in fully and unequivocally recommending an experience with Wilri to all who should read this review and to those who are at a stage ready and feel drawn to work with Wilri. He works completely from his heart to go straight into the heart of the matter affecting us the most, with the intention to open up our hearts so much more fully. I've felt so blessed to have had this opportunity to work with such an incredibly talented fully connected healer.

Thank you Wilri and Jakub!

I feel so incredibly blessed to have met you in my life!

I can say from the bottom of my heart that attending your workshop in February has been the most loving thing I have ever done for myself. I had such a wonderful experience, especially on the last day of the workshop. I literally felt like I was reborn again...grasping and filling my lungs with air for the first time, letting the world hear my voice while crying.

Your work is beyond words and I'm looking forward in meeting you all again for an other workshop!

Today I feel more whole in my being, almost walking through my life with more ease and love – for your message to me reassured me yet again to integrate all aspects of myself and that itself is so freeing and releases so much tension:)

Lots of love from Sabine?♥☐?

Wilri is a love surgeon. What a gift he has. Without any blah blah, Wilri goes bam! right into your deepest core places with a laser to shine a light where we are tangled up with self-hatred, confusion, darkness, fear or whatever it is keeping us from experiencing our true selves and feeling completely connected. His courage is contagious. His rebellious spirit is like standing under a cool waterfall deep in the forest and letting all the crap wash away. I love him and am so grateful for his work and his being.

He meets everyone where they are. I felt very safe. I encourage anyone to go and experience. Life is so beautiful. He helps to bring us back here.

I think of you and your work (and also of the energy of the group) a lot in these last days. I appreciate more and more the way, how you work with people and I can see, that the whole existence is saying "yes". Because you are in many parts of the world right now. And it is simply big. And blessed. It is not a coincidence that it is happening right now. I was thinking a lot about it today and I shared with my friend, that you aren't offering instant and superficially appealing solutions and you don't try to be a savior. You offer to people the opportunity to look, feel, sense and accept what is. Whatever it is. And that is the way, which is healing. And it is so powerfully apparent today in here that I just have to write it. Thank you.

Im Land der Gefühle

Ich lief die Straße entlang, welche von meinem Haus
wegführte... weit weg! Sie schien mir elend lang.

Doch es überkam mich kein Gefühl des Heimwehs.

Im Gegenteil mein Herz schien sich zu öffnen, die Sonne
lünckerte hinein und das Vogelgezwitscher füllte meinen Bauch
als wäre es meine eigene Melodie. Jegliche Zweifel und Ängste,
welche mich in dem Haus, das ich Heimat getauft hatte, plagten
waren wie weggefegt...

Und ich begann zu erfahren, dass man seine Vergangenheit
hinter sich lassen muss und zuhause nur in einem Selbst zu
finden ist. "Finde dein zuhause in dir und dein zuhause wird
überall sein", rief ich laut in die menschenleere Wildnis
hinein.

Vor und nach Balance Recovery

Hallo. Mein Name ist Michail Ioannidis, bin 19 Jahre alt und wohne in Wesel.

Hier werde ich beschreiben wie mein Leben vor und nach Balance Recovery ist und war.

Vor den 18. Juli 2015 war ich in keinem einzigen Seminar und lebte mit meiner Mutter in Baden – Württemberg.

Meine Mutter hat mit mir gemacht was sie wollte ohne, dass ich irgendwas bemerke. Sie manipulierte mich ohne Ende, nutzte meine Gutmutigkeit aus und hat immer versucht mich an der kurze Leine zu halten.

Sie hat es so weit gebracht, dass sie mich manipuliert hat um mich ins Militär in mein Heimatland zu schicken, als sie bemerkte, dass sie mich nicht mehr unter Kontrolle hat. Und manche denken sich es ist doch nicht so schlimm ins Militär zu gehen.

Ich vergleiche es euch mal. In Griechenland ist das Militär wie hier in Deutschland das Gefängnis. Für mich wäre es noch schlimmer, weil ich in Griechenland abhängig von meinen Großeltern wäre.

In Griechenland kriegt man kein Geld so wie hier in Deutschland. Man hat nur Ausgaben. Somit wäre ich meiner Mutter auf dem Silbertablett serviert.

Zum Glück habe ich letzten Endes gemerkt, was meine Mutter vorhatte, durch meine Freundin. Sie hat das gesehen und mich gewarnt. Seit dem Punkt bin ich ausgezogen.

Ja mit 19 Jahren ohne Ausbildung und ohne irgendwelches gespartes Geld bin ich ausgezogen.

Ich hatte natürlich Sorgen was das Finanzielle betrifft und Sorgen was ist, wenn ich das nicht auf die Reihe kriege, aber dann habe ich eins von Balance Recovery gelernt. Das Leben sorgt für mich. Ich muss nur darauf vertrauen.

Mir blieb keine andere Wahl. Also fing ich an zu vertrauen und alles ging von alleine. Ich kümmerte mich um nichts.

Ich bin in ein anderes Bundesland umgezogen und habe eine Schule für mich gefunden, für eine Unterkunft gesorgt, die ich selber finanziere.

Ich habe mich mit dem Arbeitsamt auseinandergesetzt um für mich Arbeitslosengeld zu beantragen, und es bekommen habe und noch dazu einen Job gefunden. Das alles innerhalb eines Monats.

Das alles nur, weil ich darauf vertraut habe, dass das Leben für mich sorgt. Ganz davon abgesehen, was ich für tolle Leute dabei kennen gelernt habe.

Ich habe von Balance Recovery noch mehr gelernt. Ich habe gelernt mich nicht von Leuten manipulieren lassen.

Ich habe gelernt, dass ich von niemanden Angst haben muss und wenn es mir etwas nicht passt es sagen kann. Egal wer das ist! Ob ein Schulleiter oder ein Beamter. Das spielt keine Rolle mehr.

Aber das Wichtigste für mich ist, dass ich wieder offen bin. Ich kann in Kontakt mit anderen Menschen gehen. Ich sitze nicht mehr den ganzen Tag vor dem Laptop und gucke eine Serie nach der anderen. Ich habe wieder Kraft gefunden.

Denn das war nicht der Fall als ich bei meiner Mutter lebte. Ich fühle wieder etwas. Ich kann nach 3 lange Jahre endlich wieder Weinen.

Ich nehme erst seit 3 Monate in Balance Recovery teil und mein Leben hat sich von Grund auf verändert.

Das ist mein Leben seit Juli 2015. Ich kann jetzt endlich sagen ich fange 2016 an zu Leben und nicht zu überleben.

Olesja wrote on January 1, 2016 at 12:25 am:

Ich habe schon lange gespürt dass das Dunkle in mir und meine Wut in jeder einzelnen Zelle meines Körpers sitzt. An einigen Stellen des Körpers bekam ich dunkle Flecken und meine Haut war sehr grob, teilweise wie bei einer sehr alten Oma.

Ich hatte große Angst und Panik am Wochenende. Es fühlte sich an wie Sterben. Wilri nahm mich an die Hand und arbeitete mit mir daran. Ich fühlte wie Licht in die Zellen eindrang und ich konnte viel besser atmen. Ich bekam mehr Luft und meine Haut fühlte sich frisch, jung und sehr empfindlich an. Als ich 20 Minuten später in den Spiegel sah, sah ich kleine rote Flecken im Gesicht die vorher nicht da waren. Auf den ersten Blick sahen sie aus wie kleine Pickelchen, doch beim genauen Hinsehen stellte ich fest, dass es keine Pickelchen waren. Es war auch nicht auf der oberen Hautschicht. Meine Zellen der unteren Hautschicht sind auseinander geplatzt und erneuerten sich. Dies passierte auch an einigen Stellen auf meinem Körper. Ich kann nicht genau beschreiben was da passiert ist. Ich fühle nur, dass ganz neue Zellen entstehen. Die Haut fühlt sich sehr sanft und jung an, wie bei einem Baby.

Was für ein Segen so eine Erfahrung gemacht zu haben.

Thank you to all the great people from Prague. It was such a fun seminar... so deep and touching how everybody was opening up. And thank you to Wilri Waarlo and Jakub Endrys for surrendering every moment.

Thank you from my heart for deep meeting ... Just when I entered the space of the "room"... I was home again.. In deep unity with myself, with everything.. For me it was surprising to watch the healing of "obsession" energy blockades, restrictive old

patterns... amazing... Miracles happen.. Sometimes maybe I would like to.. See you and share with you... Andrej.
